Supply Chain Review

Independent advice on the supply chain decisions that matter most.

PELBURY
Supply Chain Consultants

For **hardware and technology companies** manufacturing in Asia. We review the decision on the table, tell you whether it holds up, and give you the actions that matter. **Fixed fee, agreed before we start.**

CHOOSE YOUR FOCUS

1. **A manufacturing partner**
   Confirm you've chosen the right partner before you sign.
2. **Logistics or fulfilment set-up**
   Make sure your products reach customers reliably and on cost.
3. **New product introduction**
   Check your plan gets you to launch on time.
4. **BOM cost review**
   Find savings in components and supplier terms.

HOW IT WORKS

1. **Agree the scope**
   WEEK 1
   A scoping call, then we review your documents.
2. **Dig into the detail**
   MIDDLE WEEKS
   We talk to suppliers and test the numbers.
3. **Deliver the verdict**
   FINAL WEEK
   A written report and a call to go through it.

WHAT YOU GET

- A clear verdict: proceed, change or reconsider
- Specific actions and savings opportunities
- The top risks and gaps, ranked
- A 60-minute findings call

CHOOSE YOUR REVIEW

FOCUSED REVIEW

2 to 3 weeks

One of the four areas, reviewed in depth

Fixed fee, quoted before we start

FULL REVIEW

6 to 8 weeks

All four areas in one engagement

Fixed fee, quoted before we start

Timings are estimates and depend on how quickly we get documents and access to suppliers. On-site audits and travel are quoted separately. If the review shows more work is needed, such as manufacturing partner selection or new product introduction support, we scope it as a separate engagement.
